

# Automationpro Ltd.

Industrial Automation

# Key Information

- **Founded 2008 for the design and production of factory automation**
- **Highly qualified engineers**
- **Extensive long year experience**
- **Modern technical solutions**
- **Mechanical CAD – SolidWorks**
- **ePlan for electrical design and documentation**

# Experience

## **Assembly automation including:**

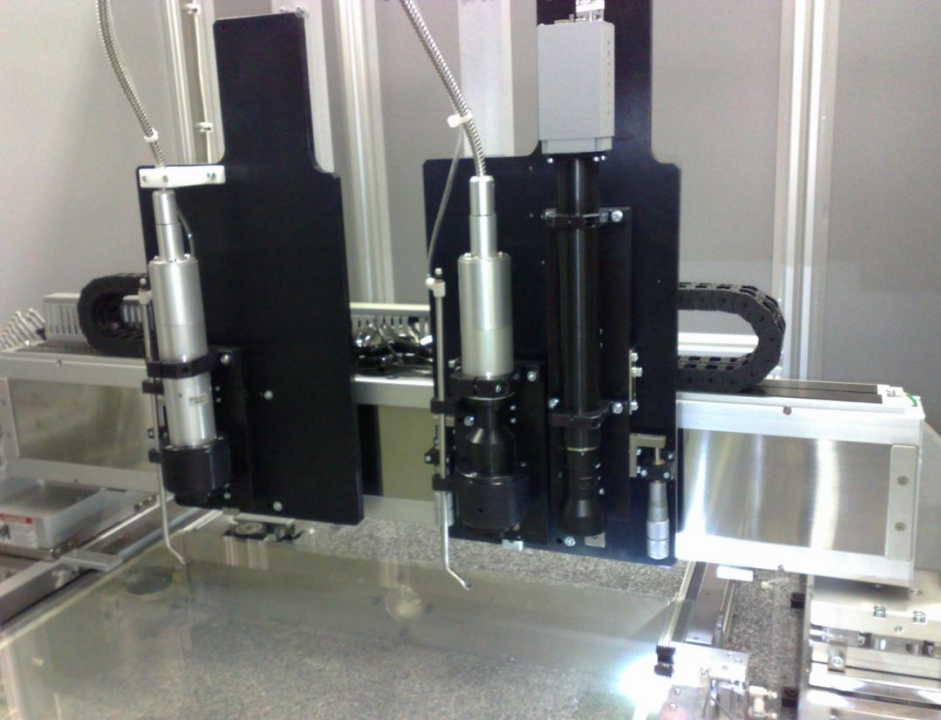

- **handling**
- **assembly**
- **welding**
- **laser processing**
- **vision recognition**
- **traceability**

## Photovoltaic Panel Flip Module

## Thin Film Laser Scribing Machines

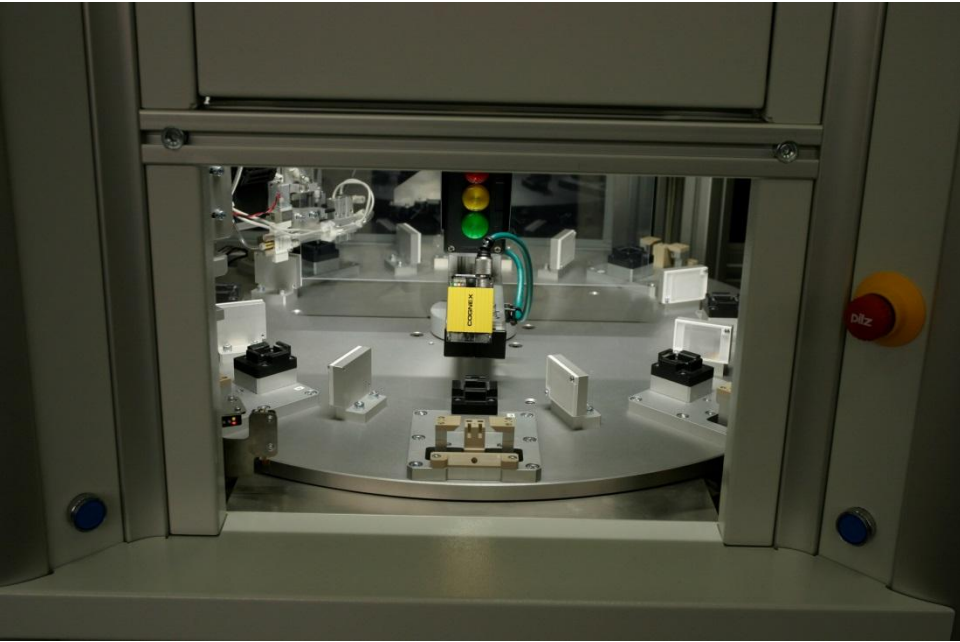

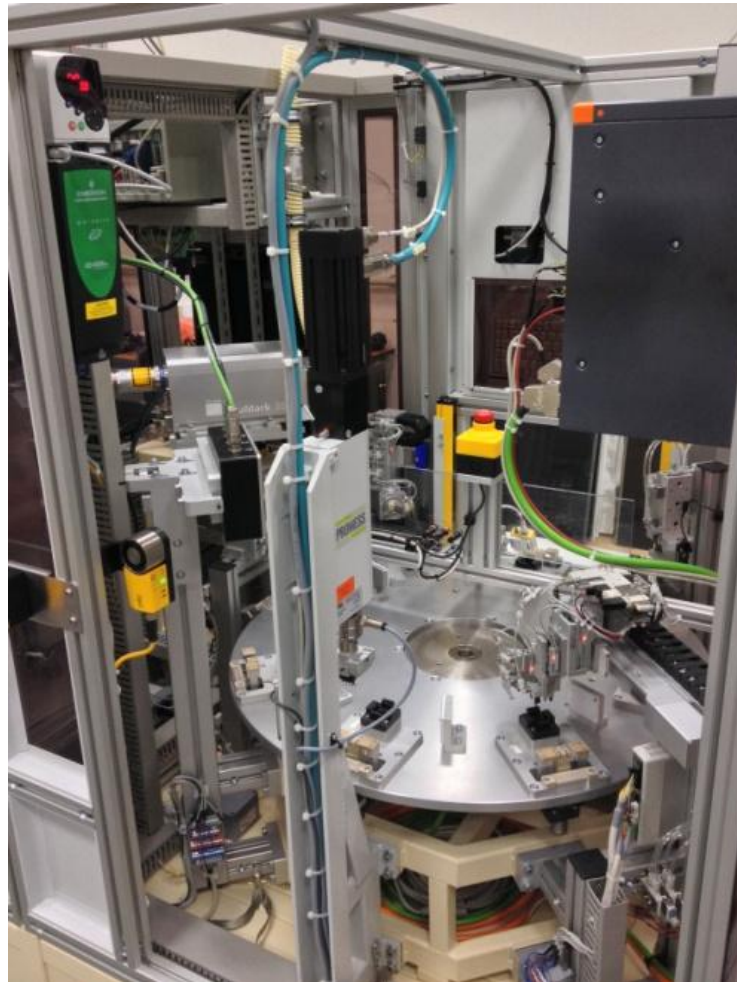

# Laboratory Thin Film Laser Scribing Machine

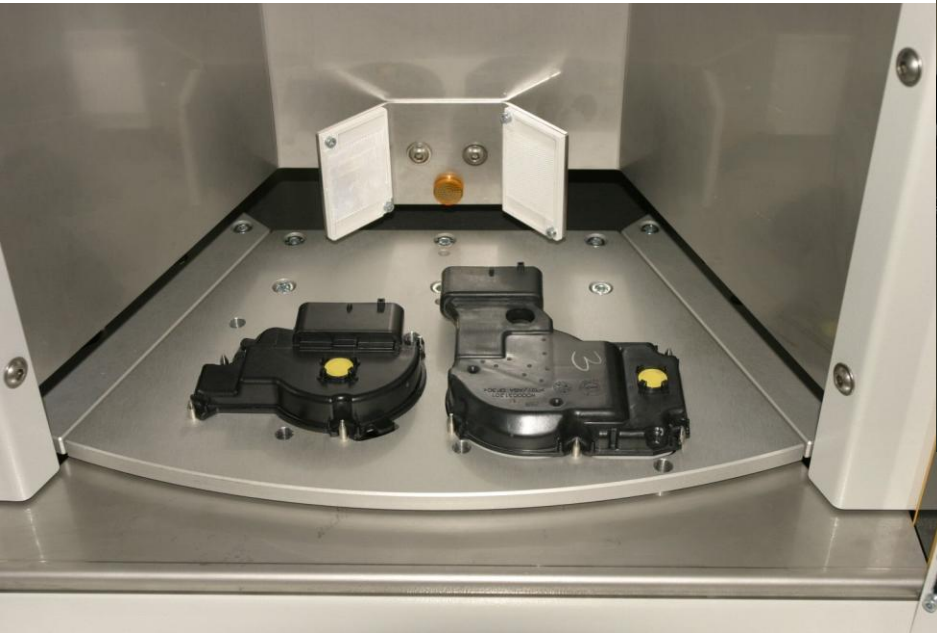

## Automatic Assembly, Test, and Laser Mark Machine

## Assembly and Test Machine

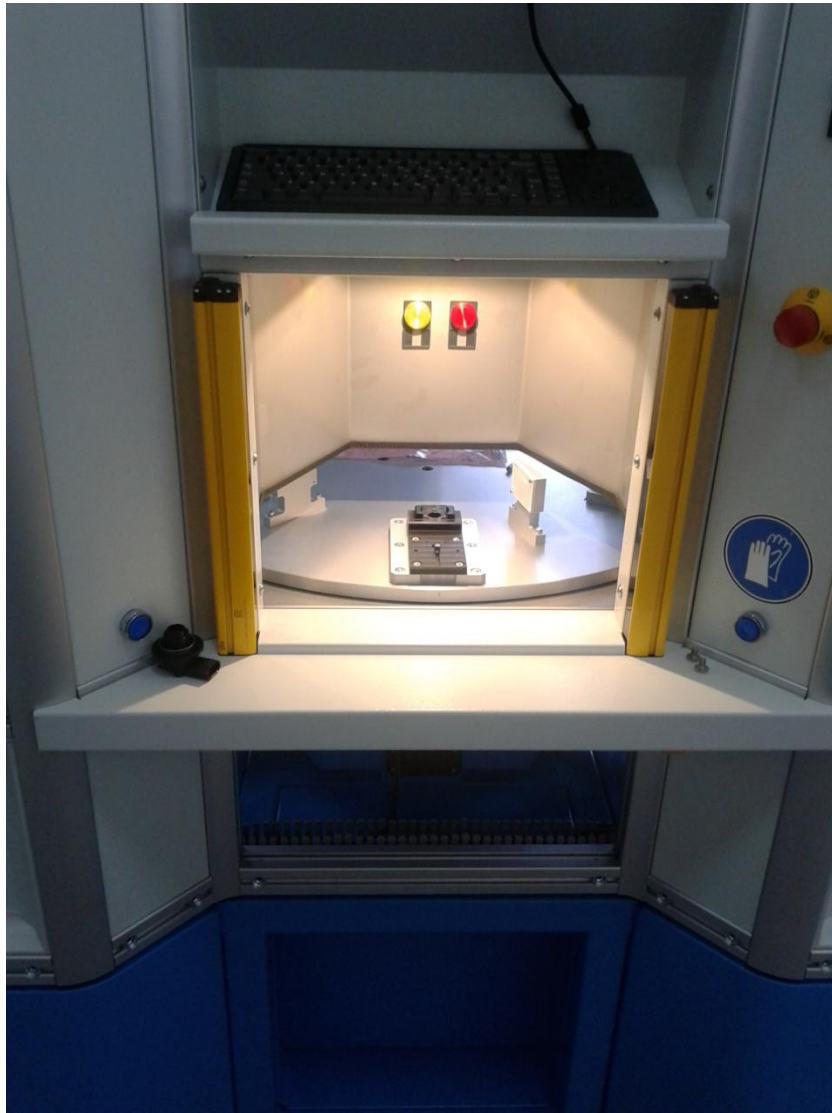

## Laser Marking Machine

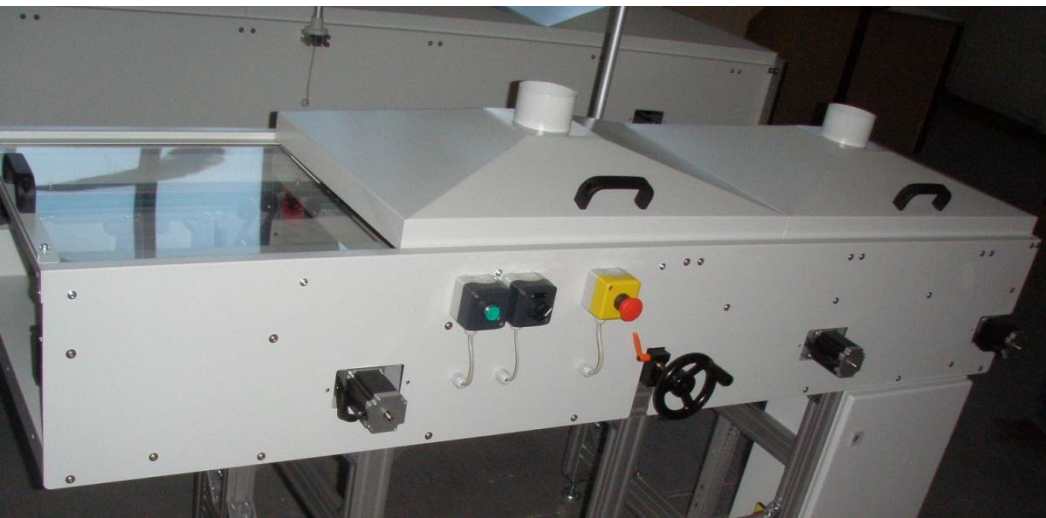

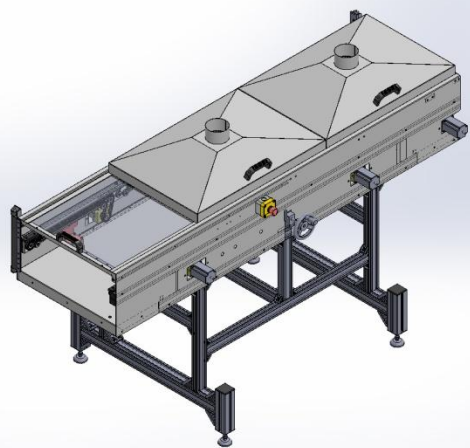

# Assembly machine

# Process Conveyors

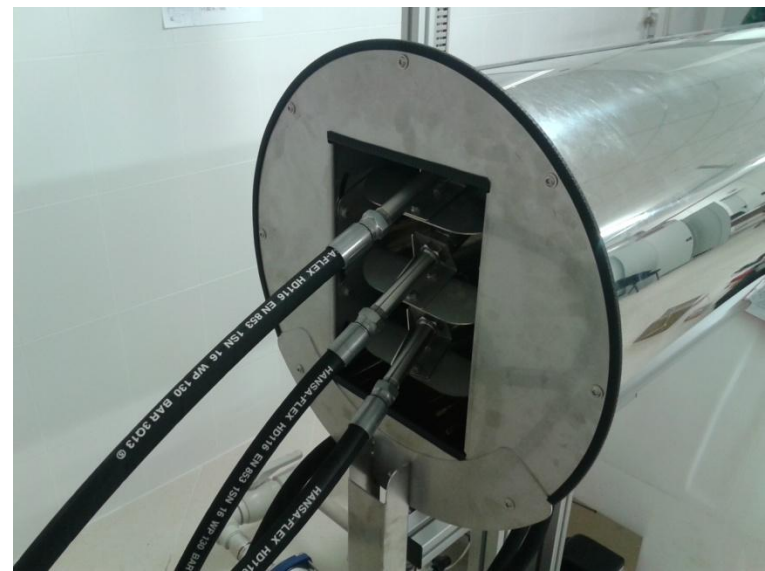

# Splash Water Environmental Tester

# Water Jet Environmental Tester

## High Pressure Water Tester
